Re: Endorsement of the Mouvement Pour un Cyclisme Credible (M.P.C.C.)

Dear Mr. LEGEAY,

The Singapore Cycling Federation would like to acknowledge and pay tribute to your organization's efforts in advocating a strong stance against Doping in Sport, in particular, in our beautiful sport of Cycling.

The world of cycling has been continuously rocked by scandal after scandal, and it has been paramount in recent times for all the best bodies, stakeholders and participants in the sport itself, to unite together with a common voice in proclaiming that there is much to still believe in.

It is with this belief that a CLEAN world of Cycling is still an entertaining one, and one that we would like to bring our children and future generations to continue to love and cherish that we, the Singapore Cycling Federation, will formally endorse and support your initiative.

The OCBC Singapore Continental Cycling Team, a UCI Asia Tour Continental Team, registered with us for the 2013 season has to our knowledge, so far been accepted as a Provisional Member of the M.P.C.C., we trust that it will only be a matter of formality that they will be accepted as a Full Member and act as Ambassadors for your organization and the beliefs that constitute its very framework.

Yours sincerely,

Suhaimi Haji Said
President
